

JOSHBMILLER

Digital Imaging Technician (DIT)

I have been a Digital Imaging Technician (DIT) for over a decade in the US, EU and Australia.

As a DIT I have a complete technical understanding of onset color, data management, and post-production workflows for all digital formats including specialised filming technologies such as IMAX, VR, and Phantom high speed cameras.

With experiencing in cutting edge technologies such as 8K, HDR, ACES, and encryption standards for all major studios and streaming platforms I am equipped for any project.

I am a member of the International Cinematographers Guild: Local 600 as a DIT.

Equipment:

- Calibrated Sony, Flanders Scientific, Nebtek and SmallHD monitors ranging from 17-25"
- Waveform and vectorscope generators for accurate exposure and colour
- Teradek 4K Wireless Video Transmission systems
- Mac Pro with SSD RAID for lightning fast transcodes and editorial deliverables
- Flanders Scientific LUT boxes for live color grading on set
- Access to 250MB/s upload speed for cloud based post production workflows and dailies uploading
- VW Transporter Van
